SUMMARY

UI/UX Designer with 2.3 years of experience designing user-centered web and mobile applications in the healthcare domain. Skilled in user research, interaction design, wireframing, prototyping, and translating business requirements into intuitive digital experiences. Experienced in collaborating with cross-functional teams to solve complex user problems through thoughtful, accessible, and customer-focused design.

EXPERIENCE

UI UX Designer

(Jan 2024 - March 2026)

2.3 Years

Plenome Technologies, Chennai

- Designed end-to-end user experiences for healthcare web and mobile applications.
- Redesigned the Organ Transplant Management System (OTMS), simplifying complex workflows through intuitive interaction design.
- Collaborated with developers, QA engineers, and stakeholders to translate business requirements into user-centered solutions.
- Created user flows, wireframes, interactive prototypes, and high-fidelity interfaces using Figma.
- Designed a mobile application that streamlined doctor transportation for rural medical camps.
- Contributed to an AI-powered healthcare documentation product by designing user-friendly workflows.
- Created branding assets including posters, ID cards, lanyards, and letterheads while maintaining design consistency.
- Worked closely with developers throughout implementation to ensure design accuracy.

UI UX Design Intern

(Sept 2023 - Nov 2023)

2 Months

Wiz Freights, Chennai

- Assisted senior designers in creating web interfaces.
- Designed wireframes and IJI components.
- Maintained consistency with existing design systems.
- Worked in a collaborative Agile environment.

EDUCATION

UI Design and Development - PG Diploma

(2022 - 2023)

ICAT Design and Media College, Chennai

BCA Multimedia and Animation - UG Degree

(2019 - 2022)

Hindustan Institute of Technology and Science, Chennai

CERTIFICATES

AI Tools and Chat GPT Workshop, By Be10X
